

**REMARKS**

Favorable reconsideration of this application is requested in view of the following remarks.

Applicants appreciate the Examiner's courtesy in having the telephone interview on June 16, 2010 and confirming that the amendments made in the June 1, 2010 Amendment and Response have not been entered and that the elected group responding to the April 10, 2009 Restriction Requirement, which was referred to in the June 23, 2010 Advisory Action, is limited to the phenyl group among the aromatic rings and should be included in the claims. Responding to the discussion with the Examiner, Applicants submit the amendments to the specification and claims and the remarks herein.

Applicants respectfully request that the amendments to the claims in the Amendment and Response filed June 1, 2010 be entered with this request for continued examination.

In addition, claim 1 and 10-13 have been amended to limit the aromatic ring to the benzene ring corresponding to the election of Group I on June 1, 2009 responding to the Restriction Requirement issued on April 10, 2009. Applicants respectfully suggest that the claims as amended are supported by the original disclosure, for example examples 1-8 in tables 1-8 on pages 54, 55, 56, 57, 58, 59, and 60, and should be examined on the merits. No new issues are raised by the amendments to the claims.

In view of the above, Applicants request reconsideration of the application in the form of a Notice of Allowance.

Dated: July 1, 2010
